

How to prevent Bed Bugs when traveling

- Inspect hotel room with flashlight. Check seams of mattress and behind headboard, valet stand
- Don't put luggage on floor or valet stand. Put in bathtub or on tile floor in bathroom.
- Live out of suitcase; don't put clothes in drawers of hotel.
- When you get home, inspect and vacuum your suitcase and immediately wash & dry all contents on high heat.
- Store suit case away from your bedroom
- Inspect any new or antique furniture you buy before you bring it home
- Inspect all new clothes, wash and dry before putting them away
- Can use a spray bottle with 50% alcohol 50% water to spray directly on bed bugs.
